

## PetSaver™ Class

The PetSaver class is a comprehensive 4 hour course taught by a Wag Hotels Team Member and designed by Pet Tech, the industry leader in pet CPR, first aid & care education. The class instructor is an accredited Pet Tech Instructor. The PetSaver class provides practical knowledge and hands-on training for persons of all skill sets. Pet parents with no formal animal training and seasoned pet care professionals will find this class invaluable.

The PetSaver class is designed to teach students useful life-long skills for caring for their pet, in addition to teaching students the skills needed to manage a wide range of pet-related emergencies.

Class topics will include:

- Restraining & Muzzling
- Primary Pet Assessment
- Rescue Breathing
- Canine & Feline CPR
- Choking Management
- Bleeding Protocols
- Shock Management
- Fractures & Limb Injuries
- Poisoning
- Snout-To-Tail Assessment for Injury & Wellness
- Assessing Pet's Vitals
- Insect Bites & Stings
- Snakebite
- Heat Stroke & Burns
- Frostbite
- Seizures
- Caring For Your Senior Pet-izen
- Dental Health

The PetSaver class is extraordinarily different from any other pet first aid & CPR class currently available. PetSaver classes cover critical skills beyond basic first aid & CPR. Additionally, classes are designed to be fun, engaging and empowering. No veterinary terminology is used and class sizes are kept small to maximize one-on-one time & attention. Most importantly, since the PetSaver class is offered through Wag Hotels you're guaranteed superior service, quality & professionalism.

Class Tuition: \$125/person. Tuition includes PetSaver handbook certificate and wallet card upon successful completion of the class.

Class sizes are limited. Interested persons are encouraged to book early.
